1 Primary Recommendations Identified Below

1. Develop a multiple purpose pathway between Schavey Road and Turner Street
2. Develop a multiple purpose pathway on Howe Road between Schavey Road and Norris Road
3. Improve signage on existing pathways to inform users of proper ways to use the facility
4. Add physical barrier on bicycle Pathway on DeWitt Road where pathway is adjacent to road
5. Improve pedestrian and bicyclists conditions on Turner Street, north of Herbison Road, by adding sidewalks and bicycle lanes
6. Ensure the area under construction on Schavey Road meets the needs of pedestrians and bicyclists
7. Improve pedestrian and bicyclist conditions on East Dill Drive by adding sidewalks and bicycle lanes/shoulders
8. Improve sidewalks and bicycle lanes on Schavey Road south of Herbison Road
9. Reduce confusion and increase safety at the following intersections: Herbison & DeWitt, Herbison & Turner, Herbison & Schavey, and DeWitt & Webb
10. Improve pedestrian and bicyclists conditions on East Webb Road by adding sidewalks and bicycle lanes/shoulders

1 Secondary Recommendations Identified Below

1. Extend the pathway on Herbison Road east to US-27 and west to Airport Road
2. Add park-like amenities to the pathways
3. Create linkages across the Looking Glass River
4. Add pathway on west side of DeWitt Road
5. Add sidewalks and bicycle lanes on East Main Street
6. Improve bicycle lanes on the northern portion of Schavey Road
7. Add bicycle lanes on Wilson Street
